# How to search effectively and efficiently

**Quick reference guide**

**Quotation Marks**

1. Define your search: Using keywords.
2. Use helpful database tools:
  - Basic or advanced search.
  - Boolean operators (AND, OR, NOT.)
  - “Full text” and “peer reviewed” options.
  - Narrowing down results.
3. Choose databases: Using multiple databases at once.
4. Use the citation tool (disclaimer = corrections might be needed!)

**Define your search**

**Boolean Operators**

**Notion**

**email**

# Define your search

- Prepare a list of keywords for your topic:
  - Ex: fast food, obesity, overweight, junk food, diet, children, ...
- Find out the preferred terms for this database (hint: “Subjects”):
  - Ex: “Convenience foods” “fast food restaurants” “food habits”
- Use quotation marks for multi-word terms:
  - Ex: “fast food addiction” “consumer attitudes”

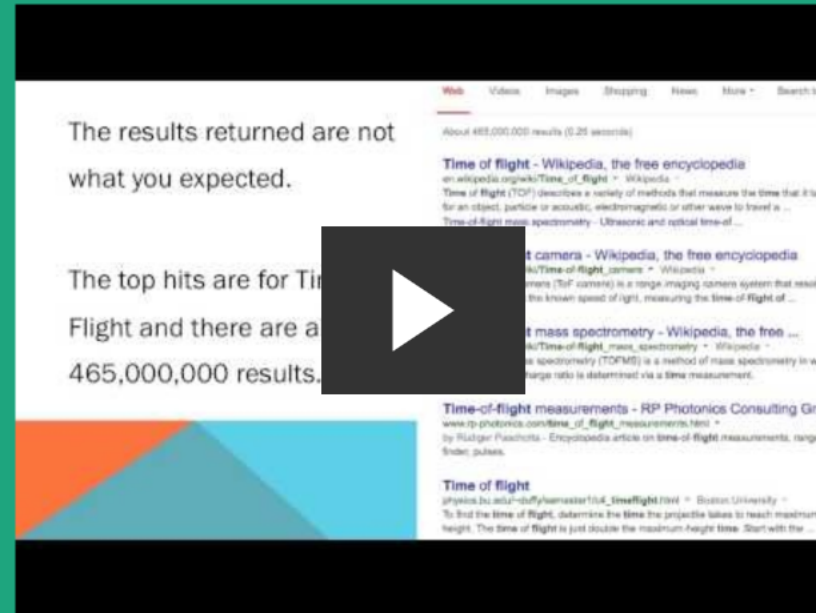

# Boolean Operators- And, Or, & Not

# Using Quotation Marks in Searches

The results returned are not what you expected.

### Time of flight - Wikipedia, the free encyclopedia

en.wikipedia.org/wiki/Time\_of\_flight - Wikipedia -

Time of flight (TOF) describes a variety of methods that measure the time that it takes for an object, particle or acoustic, electromagnetic or other wave to travel a ...  
Time-of-flight mass spectrometry - Ultrasonic and optical time-of...

### Time-of-flight camera - Wikipedia, the free encyclopedia

en.wikipedia.org/wiki/Time-of-flight\_camera - Wikipedia -

A time-of-flight camera (ToF camera) is a range imaging camera system that resolves the distance to each point in a scene by measuring the time-of-flight of ...

### Time-of-flight mass spectrometry - Wikipedia, the free ...

en.wikipedia.org/wiki/Time-of-flight\_mass\_spectrometry - Wikipedia -

Time-of-flight mass spectrometry (TOFMS) is a method of mass spectrometry in which the mass-to-charge ratio is determined via a time measurement.

### Time-of-flight measurements - RP Photonics Consulting GmbH

www.rp-photonics.com/time\_of\_flight\_measurements.html -

by Ridiger Paschotta - Encyclopedia article on time-of-flight measurements, range finders, pulsed.

### Time of flight

physics.bu.edu/~duffy/semester1/c4\_timeoflight.html - Boston University -

To find the time of flight, determine the time the projectile takes to reach maximum height. The time of flight is just double the maximum-height time. Start with the ...

**ABOUT THIS GUIDE**  
This guide provides information about the APA PsycInfo database. It includes information about the database's history, its content, and how to use it. For more information, visit the APA PsycInfo website.

Search for a term or phrase in the database. Use the search box to enter your query. You can also use the filters on the right to narrow your results.

**SEARCH BASICS**

Number of results: 1000

Phrase: The intersection of two or more terms. For example, "psychology AND therapy" will return results that contain both terms. The intersection of three or more terms will return results that contain all of the terms.

**DEFINITIONS OF SELECT FIELDS**

**AP** - American Psychological Association  
**AP** - American Psychological Association  
**AP** - American Psychological Association  
**AP** - American Psychological Association  
**AP** - American Psychological Association

**TITLE SEARCH**  
This field is used to search for the title of a document. It is the most specific field in the database. It is used to find documents that have a specific title.

**JOURNAL SEARCH**  
This field is used to search for the journal in which a document is published. It is used to find documents that are published in a specific journal.

**SUBJECT INDEX TERM SEARCH**  
This field is used to search for the subject index term assigned to a document. It is used to find documents that are indexed with a specific subject term.

## ABOUT THIS GUIDE

Access EBSCOhost through your library's website. If you need assistance, please contact your librarian.

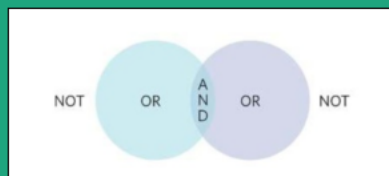

This quick reference guide will demonstrate how to search APA PsycInfo® on the EBSCOhost platform in **Advanced Search** mode. APA PsycInfo is an electronic bibliographic database that provides abstracts and citations for scholarly literature in the behavioral and social sciences. It contains a rich, interdisciplinary backfile that includes 4.8 million records.

Select the **Advanced Search** link to get started.

The screenshot shows the EBSCOhost search interface. At the top, there are navigation links: "New Search", "APA Thesaurus of Psychological Index Terms", "Cited References", "Citation Matcher", and "More". Below this, the search area includes the EBSCOhost logo, the text "Searching: APA PsycInfo | Choose Databases", and a checked box for "Suggest Subject Terms". There are three search input fields, each with a "Select a Field (optional)" dropdown menu. Between the input fields are "AND" dropdown menus. At the bottom of the search area, there are three links: "Basic Search", "Advanced Search" (which is highlighted with a purple box), and "Search History".

## SEARCH BASICS

**Boolean Operators** (AND, OR, NOT) combine search terms to narrow or broaden results.

**Phrases ("")**: Enclose phrases in quotation marks if you want to find results in that exact order. For example, searching "perceived stress scale" will not retrieve "stress scale," "scale of perceived stress," or any other variation. It will retrieve only "perceived stress scale."

**Truncation (\*):** The "\*" replaces any number of characters and will find all forms of a word root, for example, **therap\*** finds therapy, therapies, therapist, therapists, therapeutic, therapeutically, etc.

## DEFINITIONS OF SELECT FIELDS

**AB Abstract:** brief summary of the article

**AF Author Affiliation:** institutional affiliation of authors

**KW Keywords:** natural language terms describing document's content

**TM Tests & Measures:** lists the tests used in the methodology of a study

**TX All Text:** automatically searches all fields

**SU Subjects:** searches controlled vocabulary from the *APA Thesaurus of Psychological Index Terms*<sup>®</sup> along with the Keywords field

## TITLE SEARCH

Enter the title or the word(s) you want contained in the title in the search box and select **TI Title** from the drop-down menu. For example, typing "psychotherapy" will return results with psychotherapy in the titles.

 TI Title ▾

## JOURNAL SEARCH

Enter the journal title in the search box. Choose **SO Publication Name** from the drop-down list. For example, typing "American Psychologist" will yield a list of all citations from the journal entitled *American Psychologist*. You can also search **SO Publication Name** for book titles.

 SO Publication Name ▾

## SUBJECT (INDEX TERM) SEARCH

Subjects are taken from the *Thesaurus of Psychological Index Terms*. This is the controlled vocabulary for the database to help you find precise and relevant results. Select **SU Subjects** from the drop-down list and enter your search terms in the search box.

 SU Subjects ▾

If you are unsure if the phrase you want to search is a subject, you can look it up by clicking on the **Thesaurus** link.

## HOW TO LIMIT YOUR SEARCH

If you scroll down past the fielded search you will find these limiters to focus your search.

**Age Group:** the age of human research subjects

**Classification Codes:** general areas of psychology which are used to classify each document. You can find the classification codes here: [www.apa.org/pubs/databases/training/class-codes.aspx](http://www.apa.org/pubs/databases/training/class-codes.aspx)

**Document Type:** limit your search to document types, such as bibliography, editorial, etc.

**Methodology:** limit your search to the methodology used in a research study, such as clinical case study, literature review, meta-analysis, etc.

**Population Group:** the group of participants in a research study, such as human, animal, female, male, etc.

<b>Age Groups</b> All Childhood (birth-12 yrs) Neonatal (birth-1 mo) Infancy (2-23 mo)	<b>Population Group</b> All Human Animal Male
<b>Intended Audience</b> All General Public Juvenile Psychology: Professional & Research	<b>Document Type</b> All Abstract Collection Bibliography Chapter
<b>Book Type</b> All Classic Book Conference Proceedings Handbook/Manual	<b>Methodology</b> All BRAIN IMAGING CLINICAL CASE STUDY CLINICAL TRIAL
